

# Prepare and Print Reports of FDIC-insured Institutions

- 1 Go to [www.FDIC.gov](http://www.FDIC.gov) and on the homepage select **Industry Analysis**.
- 2 Then select **Bank Data & Statistics** and the **Institution Directory** link.

The screenshot displays the FDIC website homepage. At the top, the FDIC logo and name are visible, along with the tagline "Each depositor insured to at least \$250,000 per insured bank". Social media icons for RSS, YouTube, Facebook, and Twitter are present, along with an "Advanced Search" button and a search input field labeled "Search FDIC...".

The main navigation menu includes: Home, Deposit Insurance, Consumer Protection, Industry Analysis, Regulations & Examinations, Institution & Asset Sales, News & Events, and About FDIC. The "Industry Analysis" menu is expanded, showing sub-options: Bank Data & Statistics, Research & Analysis, Failed Banks, The Deposit Insurance Fund, International Deposit Insurance, and Center for Financial Research. A red arrow points to the "Institution Directory" link within the "Bank Data & Statistics" sub-menu.

Below the navigation, there is a featured article titled "Chairman Gruenberg's Testimony on Financial Stability Oversight" with a sub-headline "Testimony to the House Committee on Financial Services on Systemic Risk, and the Designation of Entities (SIFs)". The article is dated December 8, 2015.

On the right side, there is a "Directors" section listing: J. Gruenberg, Thomas M. Hoenig, Thomas J. Curry, and Richard Cordray. Below this is a "Find More Information" section with dropdown menus for "I Am A..." and "I Want To...", and a "Go" button. At the bottom right, there is a "BankFind" section with the text "Learn if your bank is insured, view".

3 You will then be at the updated version of **Institution Directory: Details and Financials**

4 Click the **down arrow** for a list of states. Select additional criteria as needed (e.g., Asset Concentration Hierarchy) by switching between the different left-hand tabs. Click the **Search** button
